PROFILE

Motivated and skilled Computer Science and Engineering student with expertise in Python and Web Development, and a keen interest in AI and ML. Successful mentoring experience has honed my leadership and communication skills. I am confident in my ability to develop innovative solutions, and drive business growth, and eager to apply my skills to a progressive organization that values ingenuity and progress.

PROFESSIONAL EXPERIENCE

Freelance Python Developer

2021 – present

I blend AI, machine learning, and web skills as a Freelance Python Developer. With Python, I craft user-friendly interfaces and intricate AI models. My projects reflect adaptability, innovation, and a commitment to excellence.
